

**FAQ – Dayton Healthy Newborn House
Opened May 14th**

Who is eligible to live at the Dayton Healthy Newborn House?

Women that are pregnant and parenting with current diagnosis, or in remission of Opiate Use Disorder can live at the Dayton Healthy Newborn House. Women are allowed to bring their infant and one additional child, up to the age of 7, to live with them at the house.

What is the referral process?

To refer yourself or someone else to the Dayton Healthy Newborn House, please call Nicole Schierenbeck at 859-479-2086.

How does one determine if they are appropriate for the program?

A person starts by calling Nicole Schierenbeck at 859-479-2086. Nicole will complete an initial intake questionnaire in person or over the phone, and then schedule an appointment for a clinical assessment with a Therapist.

How long does the clinical assessment take?

We ask that you set aside 2 hours for the clinical assessment at the Dayton Healthy Newborn House.

What services are offered?

During the clinical assessment, a person will be recommended to complete treatment services that are offered on site by Transitions employees. These services can include, but are not limited to, Intensive Outpatient, Individual Therapy, Peer Support, Case Management and Supportive Employment. Additional community members provide onsite support services as well including healthy relationship classes, cooking classes and other health related education and support.

How much does it cost?

The deposit for the Dayton Healthy Newborn House is \$100. Monthly rent is \$200. Rent is not charged during maternity leave. Up to four months of rent can be subsidized by a grant received through the State of Kentucky.

Is daycare provided on-site?

Daycare is not provided on-site at the Dayton Healthy Newborn House. We are also not a supervised visitation center. Babies and young children are allowed to attend treatment programming with residents. Our Targeted Case Manager will assist residents with daycare voucher application and placement.

Can tenants have visitors?

Visitation is 12pm to 8pm Monday through Sunday. Visitors will be approved by staff prior to the first visit. Visitation is allowed only in the common areas of the house and cannot interfere with treatment programming.

What is the length of stay?

Residents typically live at the Dayton Healthy Newborn House 4-6 months.

Can tenants smoke?

Yes, tenants can smoke at identified smoking areas outside the building.

Will tenants be assisted with employment?

Tenants will have access to work with Transitions Supportive Employment Specialists on site who work hard to assist clients in finding and obtaining sustainable and meaningful employment.

Are tenants responsible for providing their own food?

Tenants are responsible for providing and preparing their own food. We will have on-site cooking classes that assist in meal preparation.

Can I bring my medication to the house?

Yes, residents should bring all prescribed medications with them. Residents are required to monitor, store and administer their own medications.

Are there laundry services on-site?

Yes, free laundry services are provided on-site for the residents.

What should I bring?

Transitions provides the current items: bed for you and your toddler, pack and play for baby, bedding and basic baby supplies.

Residents should bring: clothes, personal care items and any additional items they need for their infant or child.

Donations:

If you would like to donate items to the Dayton Healthy Newborn House, please contact Jennifer Shofner at jshofner@transitionsky.org or 859-392-3303.

Items that can be donated included: diapers (of all sizes), baby lotion, baby cream, baby shampoo, baby hair brush and wipes. We also accept gift cards to Kroger or Walmart.

Any additional questions, please call Nicole Schierenbeck at 859-479-2086.
